Committee of Counsel

SUBJECT: Hirayama Letter

After checking today with certain sources, I have determined that it is in order for Dr. Kastenbaum's letter to go out to Dr. Hirayama and I am enclosing a copy herewith for your information.

As you will recall, the question of the holdup of this letter came up at our Board meeting and I explained that the reason for the delay was that I felt certain checks should be made before it was sent.

You will be advised of any response to the letter.
